ARVERNE by the SEA

718 - ARVERNE

## FOR IMMEDIATE RELEASE

### At Arverne by the Sea, Wishes Come True for Hundreds of Children

January 3, 2006 – Arverne, NY. Arverne by the Sea, the 2300-home master planned community being developed in the Rockaways by Benjamin-Beechwood, LLC rallied all its employees, subcontractors and residents last month to collect toys for the Addabbo Health Center and Kiwanis Club of the Rockaways 4th Annual Toy Drive. The toy drive, which was an enormous success, brought in hundreds of toys for underprivileged children and undoubtedly delivered many smiles across the Rockaway Peninsula during the holiday season.

*Arverne by the Sea employees proudly display some of the toys collected.*
